<b>Suggestions for Improvement:</b>	Catherine, Even though you did not finish your lesson, your reflection showed how you would present this lesson in the future (less time with vocabulary sheet or a separate lesson, planning out groups beforehand). Remember to take brain breaks when necessary, it will help keep students focused.
<b>Overall Rating:</b>	Partially Proficient
<b>Suggestions for Improvement:</b>	You used multiple strategies during your lesson (class, class, yes, yes, calling numbers, popcorn reading). Do not rush your wait time. If the class is having trouble staying engaged, have them get up for a 30 second brain break. I could see you making corrections while you were teaching and things were not working as planned (writing on the Smart Board). Continue to work on building relationships with your students, you have a great start!
<b>Overall Rating:</b>	Proficient
<b>Suggestions for Improvement:</b>	Catherine, You looked and acted very professional during your lesson. Keep up the great work. Continue fostering professional relationships with the staff and students. I could tell they really enjoy having you in class. Your journal was put together well and up to date. Keep collecting artifacts. Your lesson plan was very organized and valid.
<b>Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?</b>	Yes
<b>General Comments:</b>	Catherine, I was very impressed with your lesson. You had some great ideas on how to make it better for next time. Continue to ask questions and collaborate with Ms. Miller on classroom management. You are on the road to becoming an amazing educator.
